

Camp Life - Reminders

Noise & Neighbors

- **10 PM Noise Curfew** (activities above talking level must be moved inside or cut off at 10 PM.)
- **No outdoor music** except in lower fields or parking lot (NO BASS OUTSIDE). This keeps a hill between sound and lake.
- **Doors and windows must remain closed during sessions** for sound and temperature control.

WHY? Our neighbors live with camp noise all year. The lake carries the sound very easily and the best way we can respect and show them Christ's love is to keep to the rules above. Thanks for your help!

Campus Guidelines

- **Prohibited On Campus:** Glue, Glitter, PAINT, Confetti, Silly String, Color Wars, other permanently damaging substances.
- **Tarps and inflatables must be picked up or rolled to the side** when not in use (to keep grass alive).
- **Park in designated parking only.** Follow all posted signs.
- **Take home what you brought & leave campus as found** (pick up trash, decorations, structures, game supplies, etc.).
- **Be on time to meals.**
- **Depart on time** (another group is coming in right after you).

WHY? Respecting the campus helps to keep it nice for YOU and all of the other campers throughout the year. Thanks for doing your part!
